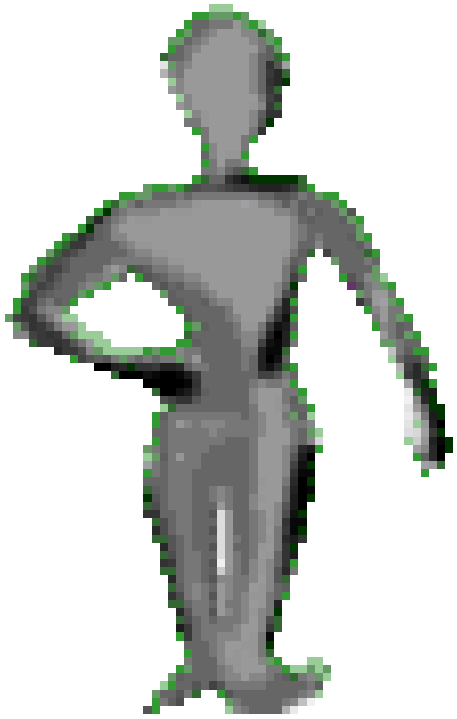
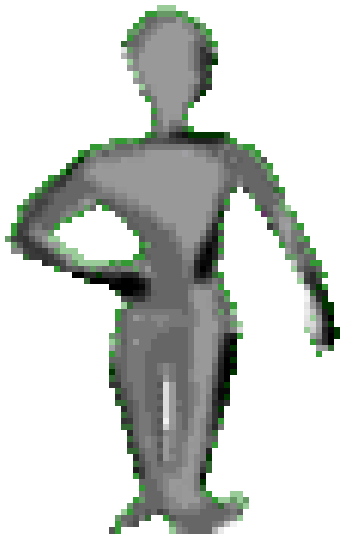
WHAT IS JOB SHADOWING?

Job shadowing involves sharing a workday with a person interested in your career. By exposing a person to an actual work environment, you may help them make decisions involving their education, career and future.



WHAT CAN A CLIENT EXPECT FROM A JOB SHADOWING EXPERIENCE?



- Follow an employer through a "typical day"
- Portrayal of a "day in the life" of your career.
- Learn the responsibilities of a selected career.
- Learn if a career is of interest as a possible career choice.

WHAT IS EXPECTED OF THE EMPLOYER?

- Realistically portray your profession.
- Answer questions regarding your profession.
- Provide career information regarding your profession.
- Discuss the challenges of your profession.
- Provide a tour of your work areas.
